PRODUCT INFORMATION SHEET
STAIR NOSING – COVER STRIPS – ANTI SLIP TAPE

SC3 Stair Nosing has a solid ripple trim aluminium finish with a narrow anti-slip tape insert to cover fitting screws. SC3 can be applied to any hard surface step such as; tiles (repair broken step edge), timber or concrete. It has particularly good application for fire escape stairs.

Aluminium Our profiles are extruded from 6060/T5 Alloy; this can be interchanged with 6063/T5. Both alloys are architectural grade with good surface finish and very good corrosion resistance.

Anodising SC3 is available Clear (silver) anodised. Aluminium profiles are anodised 15 – 20 microns in accordance with AS 1231:2000.

Powder Coating (electrostatic powder spray) finishes are available in: Black, and yellow. Custom anodising or powder coating is available on request. Minimum quantities apply

Inserts The SC3 stair nosing has a standard 12mm wide black anti-slip tape to cover fitting screws. We also offer safety yellow as an alternative. The insert is mainly fitted for aesthetic reasons and the profile can be installed without insert.

Standard Length The SC3 profile standard length is 4300mm supplied cut to size.
